¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

CORPORATE GOVERNANCE STATEMENT

The Board and management of the Company are committed to achieving and maintaining high standards of corporate governance. Given the size and stage of development of the Company, the Board considers that the implementation of all Corporate Governance Recommendations is not currently relevant or appropriate for the Company. Copies of relevant corporate governance policies and charters are available in the corporate governance section of the Company's web-site at www.orexplore.com.

This Corporate Governance Statement is current as at 31 December 2022 and was approved by the Board on 28 February 2023.

Board composition

Details of the skills, experience and expertise relevant to the position of each director and their term of office are set out in the Directors' Report section of the annual report.

The Board sets out below details of those corporate governance matters where the Company's practices depart from Corporate Governance Recommendations.

Recommendation	Current practice
1.1 Disclose the respective roles and responsibilities of the board and management as set out in the board charter; and those matters expressly reserved to the board and those delegated to management.	<p>The Board's primary role is to formulate the strategic direction of the Company and to oversee the Company's business activities and management. The Board Charter sets out the functions reserved for the Board and those delegated to senior management.</p> <p>Some Board functions will be delegated to Board committees as and when the size and scale of operations of the Company warrants the establishment of such Committees.</p> <p>A copy of the Board Charter is available on the Company's web-site.</p>
1.2 Companies should undertake appropriate checks before appointing a director or senior executive or putting someone forward to security holders for election, as a director; and provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.	<p>Prior to a candidate being considered for appointment as a director of the Company, relevant enquiries are made as to the person's character, experience, education, criminal record and bankruptcy history. Biographical details and other relevant information on any directors standing for re-election are provided to shareholders in the notice of meeting.</p> <p>These requirements are contained in the Remuneration and Nomination Committee Charter, a copy of which is available on the Company's web-site.</p>
1.3 Companies should have a written agreement with each director and senior executive setting out the terms of their appointment.	<p>Each director and senior executive of the Company has an agreement in writing with the Company, which sets out the key terms and conditions of their appointment including their duties, rights and responsibilities. Non-executive directors are not appointed for a fixed term.</p> <p>These requirements are contained in the Board Charter.</p>

Recommendation	Current practice
1.4 The company secretary should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.	The Board is responsible for the appointment and removal of the Company Secretary. The Board Charter sets out that the Company Secretary is accountable to the Board on all matters relating to the proper functioning of the Board.
1.5 Companies should have and disclose a diversity policy and set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally.	<p>A copy of the Company's Diversity Policy is available on the web-site. The overriding objective of the Diversity Policy is to align the Company's business operations with the positive outcomes that can be achieved through a diverse workforce that recognises and utilises the contribution of diverse skills and talent.</p> <p>Due to the current size and stage of development of the Company, the Board does not consider it appropriate to provide measurable objectives in relation to gender diversity. The proportion of female employees in the whole organisation is 18% (2021: 21%). There are presently no females in senior executive positions and on the Board, however, the appointment of a female senior executive is expected imminently at the date of this report.</p> <p>The appropriate mix of skills and diversity for membership of the Board is considered as part of ongoing nomination and succession planning and which recognises the value of balanced gender representation.</p>
1.6 Companies should have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and whether a performance evaluation has been undertaken during or in respect of that reporting period.	The Board has adopted a formal process for an annual self-assessment of its collective performance, the performance of individual directors and of Board committees. The Board is required to meet annually with the purpose of reviewing the role of the Board, assessing its performance over the previous 12 months and examining ways in which the Board can better perform its duties. This assessment was undertaken in February 2023, using a self-assessment checklist as the basis for evaluation of performance against the requirements of the Board Charter.
1.7 Companies should have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and whether a performance evaluation was undertaken during or in respect of that reporting period.	The performance of senior executives is reviewed annually by the Managing Director through a formal performance appraisal meeting, incorporating measurement against key performance indicators. A performance evaluation was undertaken for the Chief Technical Officer of the Company during the year and an annual performance appraisal of the Managing Director was undertaken by the Chair. The Managing Director will conduct formal annual performance reviews and planning of senior executives on an annual basis. The formal evaluation procedures are set out in the Board Charter.
2.1 The Board should establish a nomination committee.	Due to the current size and composition of the Board, the Company does not have a separate nomination committee. The roles and responsibilities of a nomination committee are currently undertaken by the Board. A copy of the Remuneration and Nomination Committee Charter is available on the Company's web-site.
2.2 Companies should have and disclose a board skills matrix.	The Company's objective is to have an appropriate mix of expertise and experience on its Board so that it can

Recommendation	Current practice
	<p>effectively discharge its corporate governance and oversight responsibilities. The Board does not maintain a formal matrix of Board skills and experience, however, the diversity of experience and assessment of any gaps in skills and experiences are a key consideration for any proposed appointment to the Board.</p> <p>Details of each director’s relevant skills and experience are set out in the annual report.</p>
<p>2.3 Disclose the names of directors who are considered to be independent.</p>	<p>The independent directors of the Company as at balance date are Stuart Carmichael and Stefan Sädbom. The Board has adopted ASX recommended principles in relation to the assessment of directors’ independence.</p> <p>Brett Giroud is not considered independent as he holds an executive position in the Company. Alan Bye is not considered independent due to prior consulting services provided to the Company and also on the basis that Dr Bye holds performance rights in the Company. Kent Swick is not considered independent on the basis that he is a substantial shareholder of the Company.</p> <p>Despite this, the Board believes that Mr Giroud, Dr Bye and Mr Swick are capable of making quality and independent judgements in the best interests of the Company on all relevant issues before the Board.</p> <p>The Board assesses the independence of directors on an ongoing basis.</p>
<p>2.4 A majority of the board should be independent directors.</p>	<p>As at balance date, the Board comprised five directors, two of whom are independent. The Company has, at this stage, decided to appoint directors with the expertise and experience to support the Company’s business strategy rather than strictly adhere with this recommendation. The Company will consider ways of restructuring its Board in the future to ensure that a majority of its members are independent.</p>
<p>2.5 The chair should be an independent director and should not be the same person as the CEO.</p>	<p>Alan Bye is not deemed to be an independent director. The Board believes that Dr Bye is capable of making quality and independent judgements in the best interests of the Company on all relevant issues before the Board. The Chair is expected to bring independent thought and judgement to their role in all circumstances. Where matters arise in which there is a perceived conflict of interest, the Chair must declare their interest and abstain from any consideration or voting on the relevant matter.</p> <p>The roles of Chair and Managing Director are not combined.</p>
<p>2.6 Companies should have a program for inducting new directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively.</p>	<p>New directors are provided with an induction including meetings with key executives, tours of the Company’s premises, an induction package and presentations. Induction requirements are included in the Board charter.</p> <p>All directors are expected to maintain the skills required to effectively discharge their obligations to the Company. Directors are encouraged to undertake professional</p>

	<p>development programs to develop and maintain the skills and knowledge needed to perform their role as directors of the Company.</p> <p>Directors have the right, in connection with their duties and responsibilities, to seek independent professional advice at the Company's expense, subject to the prior written approval of the Chair, which will not be unreasonably withheld.</p>
<p>3.1 Companies should articulate and disclose their values</p>	<p>The Board has adopted a statement of core values with the primary objective for the Company to be a successful minerals analysis and technology company, providing benefits to all stakeholders through the consistent application of technical excellence and responsible and sustainable industry practices.</p> <p>A copy of the Company's statement of values is available on the Corporate Governance section of the Company's web-site.</p>
<p>3.2 Companies should have and disclose a code of conduct and ensure that the board is informed of any material breaches of that code.</p>	<p>A Code of Conduct has been established which applies to all directors and employees, to guide compliance with the legitimate interests of all stakeholders. Material breaches of the code must be reported to the Board.</p> <p>A copy of the Code of Conduct is available on the Company's web-site.</p>
<p>3.3 Companies should have and disclose a whistleblower policy and ensure that the board is informed of any material incidents reported under that policy.</p>	<p>The Company has established a Whistleblowing Policy for the legitimate reporting of illegal or unethical practices by company employees. Any material incidents are reported to the Board. A copy of the Whistleblowing Policy is available on the Company's web-site.</p>
<p>3.4 Companies should have and disclose an anti-bribery and corruption policy and that the board is informed of any material breaches of that policy.</p>	<p>The Company has established an Anti-Bribery and Anti-Corruption Policy to provide a framework for the Company to conduct its business activities fairly, honestly and with integrity and in compliance with all applicable laws, rules and regulations. Any material breaches under the policy are reported to the Board. A copy of the Anti-Bribery and Anti-Corruption Policy is available on the Company's web-site.</p>
<p>4.1 The Board should have an audit committee.</p>	<p>Due to the current size and composition of the Board, the Board has elected not to establish a stand-alone Audit Committee. Matters typically dealt with by an Audit Committee are dealt with by the full Board.</p> <p>The Company's procedures for the selection and appointment of the external auditor and the rotation of external audit partners are set out in the Audit Committee Charter, which is available on the Company's web-site.</p>
<p>4.2 The board should receive a declaration from the CEO and CFO that financial records have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a</p>	<p>The Board requires that the Managing Director and Chief Financial Officer provide a declaration prior to the approval of the Company's financial statements for each financial reporting period.</p>

Recommendation	Current practice
true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.	
4.3 Companies should disclose their process to verify the integrity of any periodic corporate report they release to the market that is not audited or reviewed by an external auditor.	Material non-audited periodic reports are prepared by or under the supervision of relevant subject-matter experts before being reviewed and approved by the Managing Director and Chief Financial Officer and then finally reviewed and authorised for release to the market by the Board.
5.1 Companies should have and disclose a written policy for complying with their continuous disclosure obligations under the Listing Rules.	The Board recognises the obligations of continuous disclosure and the Company has a formal written policy for the continuous disclosure of any price sensitive information concerning the Company. A copy of the Continuous Disclosure Policy is available on the Company's web-site.

6.1 Provide information about itself and its corporate governance policies via its web-site.	Information relating to the Company and its governance practices is available on the Company's web-site.
6.2 Companies should have an investor relations program that facilitates effective two-way communication with investors.	The Board has adopted a written policy covering arrangements to promote communications with shareholders. A copy of the Shareholder Communications Policy is available on the web-site.
6.3 Disclose how the company facilitates and encourages participation at meetings of security holders.	The Shareholder Communications Policy sets out policies and practices to encourage effective participation by shareholders at general meetings of the Company.
6.4 All substantive resolutions at a meeting of security holders should be decided by a poll rather than by a show of hands.	The Company ensures that any substantive resolutions to be considered at shareholders meetings are decided by a poll rather than by a show of hands.
6.5 Give security holders the option to receive communications from and send communications to the Company and its security registry electronically.	The Company and the share registry offer mechanisms for electronic communication by shareholders, including an e-mail alert facility available through the Company's web-site. Requirements are contained in the Shareholder Communications Policy.
7.1 The board should have a committee or committees to oversee risk.	Given the current size and level of activities of the Company, the Board has elected not to establish a separate risk committee. The Board as a whole has responsibilities typically assumed by a risk committee, including but not limited to (i) ensuring that an appropriate risk management framework is in place and is operating effectively; and (ii) reviewing and monitoring legal and policy compliance systems and issues.

Recommendation	Current practice
	<p>Therefore, matters typically dealt with by a risk committee are dealt with by the full Board.</p> <p>The Company is developing procedures for the oversight and management of material business risks arising within the minerals analysis and technology industry.</p> <p>Details of risk management practices are set out in the Risk Management Policy in the corporate governance section of the web-site.</p>

The Company also undertakes an annual review of operations to update the Company’s risk profile, which normally occurs in conjunction with the strategic planning process. No annual review occurred during the reporting period. The Board also undertakes an annual review of the risk areas identified in the Risk Management Policy.</p>
<p>7.3 Disclose whether the Company has an internal audit function.</p>	<p>The Company does not have an independent internal audit function.
